ing in the selectmen's room Monday.A Letter That May Interest You.
M. W. McConnell, Riverdale, Ga.,
writes: "I have given Foley Cathartic
Tablets a thorough trial. They abso-
lutely cleanse my system thoroughly
and never a gripe, and no nausea."
First class druggists prefer to sell
Foley Cathartic Tablets because they
are an ideal physic, invigorating and
strengthening the bowel action and
having a good effect on the stomach
and liver. They are a boon to stout
persons on account of the light and
free feeling they give. Lee & Osgood

Entertainment Largely Attended.

There was a good sized attendance
at the supper and entertainment held
in the West Stafford Congregational
church Tuesday evening. Following
the supper, the play, "The Physical
Torture Club," was given by the young
people.

Snow Still Blocks Roads.

Several of the country roads in this
section are still impassable on account
of the snow. The road from the
Springs to Staffordville is now in good
condition.

Need of Motor Driven Apparatus.

Recent fires in the borough have
started an agitation for a modern mo-
tor driven fire truck. It is claimed
that the old steamer has about out-
lived its usefulness and the present
method of drawing the hose carriage
to fire by hand is too slow. The fire
often gets a good start before the ar-
rival of the hose, whereas with a mo-
tor truck much better time could be
made and property probably be saved
which could not be under the present
method.

Special Rates Annulled.

The Constitutional railroads in
Mexico have announced that hereafter
all special freight rates will be an-
nulled and shippers must pay the
regular rate. The special rates were
established years ago with the idea
of aiding national industries and many
shippers were permitted to transport
raw and manufactured products with-
in the republic at reduced rates. The
announcement of the annulment of
these rates declares the necessity for
these special privileges no longer
exists.

Happenings In and About Westerly

Scoutmaster Herbert Miles Addressed Meeting of Boy Scouts
—Westerly Grippled in Cold Wave—Pawcatuck River
Frozen Over.That the Boy Scouts of Westerly can
be of vast assistance to the govern-
ment in waging a campaign against
the gypsy and browntail moths was the
statement made to the local scouts by
Herbert Miles, who is the moth in-
spector in this district. He asked the
boys to keep their eyes open for the
pests and in case of finding them to in-
form him. Scoutmaster Miles gave his
talk at the usual weekly meeting,
which was largely attended. Exami-
nations in knot-tying were held.The Catholic club is to give a valen-
tine social this evening. The com-
mittee is composed of R. J. Butler, Jr.,
William Quinlan, William Reardon,
Edward Butler, Byron Lewis, Edward
Fenelon, Jr., James McCormick and
Thomas Curtin.A chimney fire on Pierce street yes-
terday afternoon called out the fire
company. There was no serious dam-
age.The cold weather in Westerly was the
general topic of conversation on the
streets yesterday, but Westerly, being
close to the shore, did not begin to
suffer as many of the towns and
cities farther inland. The lowest that
the mercury was known to register in
this vicinity was 7 below zero, but on
the day the cold did not seem so in-
tense, as the wind was not strong. At
Watch Hill the temperature reported
was 2 below; at Quonochontong it was
3 below, and at Wood River Junction,
which is supposed to be the coldest spot
in South county, it was 7 below.
As the result of the cold snap the
Westerly and Watch Hill ice company
have completed their harvest and a
surplus crop is being stored in freight
cars. The product measures from 10to 12 inches in thickness and is of a
clear quality.
The Pawcatuck river is now frozen
its entire length, and many are skat-
ing for miles down the channel. The
majority of the skaters, however, are
hugging the shore so as to avoid the
swift current.At a meeting of the district nurse
committee held last Friday it was vot-
ed to ask for the resignation of the
district nurse, Miss Margaret N.
Slattery. At a meeting of all the
members of the association held to-
night it was voted not to ask for
her resignation, but that she be con-
tinued in the service.Local Laconics.
Mrs. Edgar J. Curry of High street
is confined to her home with an at-
tack of the grip.
Miss Helen Hemphill of New York
has returned to that city following a
brief visit at the home of her parents,
Mr. and Mrs. James Hemphill, of
Courtland street.Division No. 1, A. O. H., of Westerly
has completed arrangements for their
annual concert, lecture and dance on
St. Patrick's night, March 17, in A. O.
H. hall Union street.Rev. John C. Tietow, minister of the
Christian church, was in Fall River,
Mass., yesterday, where he read a
paper before the ministerial associa-
tion at the Franklin street church.Evangelist Rees, who a few days ago
completed his campaign in Worcester,
will be here to conduct a similar cam-
paign in Westerly. His preliminary
report contained the statement that
1,000 converts were the result of the
religious awakening in Worcester.

Escape.The report of the Plainfield branch of
the British-American war relief fund

previously acknowledged, \$922.30;
Plainfield's contribution, \$12.20; Jewett
City's contribution, \$3.25; a friend,

ed a check for \$50 to the head office of

Central Village by Deputy Sheriff
George Bliven, was given a hearing
before Justice Benjamin R. Briggs
Monday evening at the town court. He
pleaded guilty to intoxication and was
fined \$1 and costs, amounting to \$3.69.
Grand Juror Frederick P. King prose-
cuted the case.

Icy Roads Caused Accidents.

Sunday was a bad day for automo-
bile drivers going through Plainfield,
as two serious mishaps occurred and
several near accidents. The result was
the icy condition of the state road,
which is the main thoroughfare for au-
tomobiles.One touring car bearing a Connecti-
cut license number crashed into a fence
near William Harvey's home and was
damaged considerably, but was able to
proceed under its own power.Later Sunday evening a 1917 touring
car crashed through a fence at Rodde's
place, just south of where a Norwich
merchant crashed through and narrow-
ly escaped death. The car was badly
damaged, the windshield was broken,
the fenders smashed and otherwise
were damaged. The occupants of the car
were fortunate in not being danger-
ously injured. The car was towed to
Moosup.Automobile drivers in this vicinity
report the going on that road as very
treacherous. Despite the fact that
chains are being used, the icy condi-
tion of the road would not enable
them to make any headway. Those
who are familiar with the road at the
present would caution drivers unac-
customed to it.

Final Game of Season.

ball team will play their final league
game of the season when they meet Wood-

Sleighing Good.

Sleighing in this locality is excel-
lent. Many people are taking advan-
tage of the jolly sport and are mak-
ing the most of it.
